EDUCATION

Manipal Institute of Technology, MAHE　　　　　　　　　　**8.42/10**
Master of Computer Application　　　　　　　　　　*Aug 2023 - July 2025*

Patna College, Patna University　　　　　　　　　　**8.75/10**
Bachelor of Computer Application　　　　　　　　　　*July 2019 - Dec 2022*

INTERNSHIP

Cognifyz　　　　　　　　　　**May'24 - Jun'24**
Web Development Intern　　　　　　　　　　*Remote*

- Contributed to multiple projects using HTML, CSS, and JavaScript, focusing on creating user-friendly, responsive web interfaces.
- Enhanced my skills in modern web development practices, particularly in creating seamless and visually appealing user experiences.

Cognifyz　　　　　　　　　　**May'24 - Jun'24**
Java Development Intern　　　　　　　　　　*Remote*

- **Enhanced** technical skills in Java, OOP, and software development best practices through hands-on tasks and mentorship.
- **Collaborated** with a development team to design, develop, and test Java applications, meeting weekly project milestones and deadlines.

PROJECTS

Portfolio Website | Github Link　　　　　　　　　　**June 2024**

- Developed a dynamic and responsive portfolio website using **React.js**, integrating Bootstrap for styling and React Icons for enhanced visuals.
- Built a robust backend with **Express.js** to handle form submissions and user interactions on the 'Contact Us' page.
- Demonstrated proficiency in full-stack development by seamlessly connecting front-end components with back-end functionality.
- Enhanced user experience with responsive design, ensuring compatibility across various devices and screen sizes.

Myntra Clone E-commerce Platform | Github Link　　　　　　　　　　**July 2024**

- Developed a full-stack e-commerce application using **React** and **Redux** for front-end development and Node.js for the back end, simulating Myntra's functionality.
- Implemented a dynamic shopping cart system that allows users to add, remove, and update products, with real- time total balance calculations.
- Utilized Redux for efficient state management and created RESTful APIs with **Node.js** to handle secure product retrieval and cart operations.
- Designed a responsive and intuitive UI, enhancing the user experience across devices with modern CSS techniques.

Hotel Management System | Github Link　　　　　　　　　　**Dec 2023**

- Developed Hotel Management System with HTML, CSS, JavaScript, and Bootstrap.
- Ensured responsive UI for optimal room booking and customer management.
- Implemented efficient service allocation and operations management features.

Technical Skills

Programming/Markup Languages: HTML, CSS, JavaScript, C, C++, Java, Python
Technologies/Frameworks: React.js, Tailwind
Learning: Node.js, Express.js
Developer Tools/Platforms: VS Code, Linux, Git, GitHub
